**Declaration of Michael Wilmer
Under 37 C.F.R. § 1.48(a)**

1. I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and such willful false statements may jeopardize the validity of the application referenced above or any patent issued thereon.

2. In or about May 2002, John Murray conveyed to me that he believed his contributions towards the development of the methods and apparatus disclosed in the above referenced application warranted his addition as a named inventor.

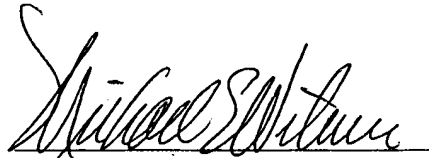

3. On or about May 8, 2002, I directed Counsel for PEMSTAR Pacific Consultants (PPC) to investigate the inventorship issue.

4. On or about June 3, 2002, Counsel for PPC informed me that he investigated the inventorship issue; the investigation including discussions with John Murray, and a review of the March 16, 2000 meeting notes forwarded by Mr. Murray. Counsel further

informed me of his conclusion that the contributions of John Murray, Jerry Rice and Robert Mehranfar warranted their addition as named inventors.

5. The error in inventorship was thus inadvertent and, hence, occurred without deceptive intention on my part.

Executed this 16th day of DECEMBER 2003 at SAN JOSE ~~Mountain View~~, California.
